

Student Academic Advising

Student Name

Student Id

Class Year

CS Major/CS Minor

Other Major

Name of Pre-Major Advisor or Current Advisor

The purpose of academic advising is to assist you in accomplishing the following:

- Understand the nature and purpose of higher education
- Clarify your values and goals for your education
- Provide you with information about educational options, requirements, policies, and procedures.
- Plan an educational program consistent with your abilities and interests
- Monitor and evaluate your own educational progress on a regular basis.
- Connect your particular educational needs and aspirations with the resources available at Smith.

With these goals in mind, the Computer Science department seeks to match CS majors and minors with faculty advisors. In order to assure quality advising for each student, faculty members have set a cap to ensure they do not advise too many students at one time. This means you may not be matched with your first choice, but you will be matched with someone who has time for you.

You will be assigned to one of your three choices except in the unlikely event that all three choices exceed the advising cap. The following table will provide you with additional information about faculty in the department to help with your selection. While there may be other intangibles that factor into your decision, such as comfort level or personality compatibility, it is important to remain open to faculty you may not (yet) know well but who are well equipped to advise you.

Please rank your top three choices in the table on the other page, and submit the completed form to **Daryl Jett**, in FH 255.

Student Academic Advising

Rank	Name	Misc. Information
	Nick Howe	
	Joe O'Rourke	Digital Art Minor advisor
	Ileana Streinu	
	Dominique Thiebaut	
	Sara Sheehan
