

To make this folding puzzle, cut off the excess paper surrounding the 4x4 arrangement (including this text).

See reverse side (next page) for directions.

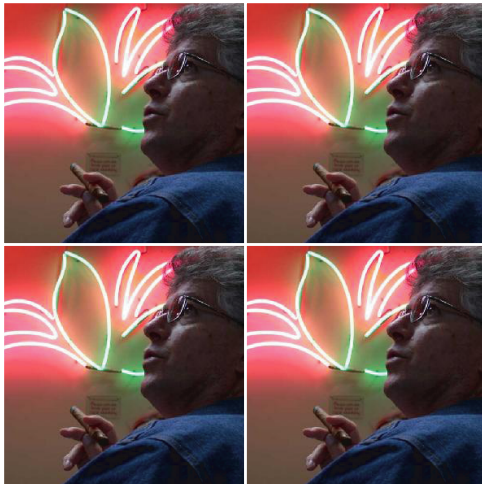

Godfried's 60th Birthday Folding Puzzle

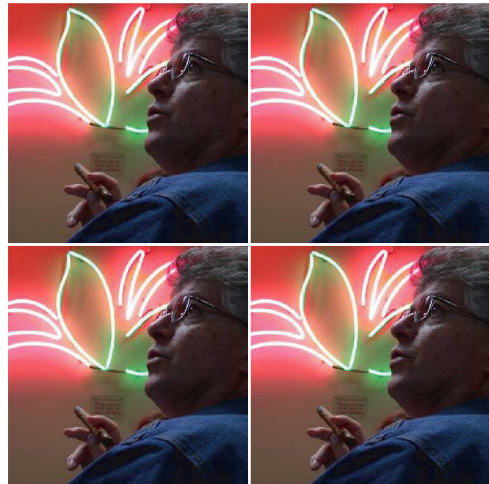

designed by Erik Demaine & Martin Demaine, 2004
based on a puzzle designed by Mineyuji Uyematsu, 2001

Rules: Fold anywhere you want.
No cutting.

Goal: Fold the 4x4 arrangement into a 2x2 packet so that
both sides show 4 photos, all aligned the same way.
